Re: CSEP Events & Projects – Enterprise Project

In our quest to strive for excellence, for our students, the family and the community, we are constantly promoting Croydon Supplementary Education Project. In order that we continue to increase our profile and maintain a high standard of service to all the users of the project we take photographs and sometimes film events in progress which is sometimes required as evidence for funders.

To this end, we participate in surveys, interviews and promotional material, about life within the project.

We therefore seek your permission to include your child in current and future events to;

A) Take a picture(s) of your child as a group or individual while they learn
AND

B) Have your permission to display the photos at any event or to be used as a result of press coverage for any event that we may be involved with also on our CSEP website www.csep.org.uk

I do / do not (delete as appropriate) **give permission for my child:** _____
to be photographed filmed or be included in Promotional and Educational research activities now or in the future
